Re: Participation Request: # 11136

Dear Provider:

Thank you for your interest in joining our network. We have reviewed the information you have provided and after careful consideration, we are unable to offer you a contract at this time. Our decision is based on the following reason(s):

- Our network is currently closed for your provider type and/ or service location (s). Please be advised that our Network is sufficient and currently meets our network needs for your specific provider type in the geographical service area that you serve. We continually monitor our Network for any gaps in care and determine if we have a need to add new providers to our Network. If it is determined that our network needs have changed and/or the services you provide are warranted, a Network Representative will contact you directly.

We will keep your information on file for one (1) year. In the event our network needs change during this timeframe, a Network Representative will reach out to you for the next steps.

Please note Mercy Care does not discriminate with respect to participation in the AHCCCS program, reimbursement or indemnification against any provider based solely on the provider's type of licensure or certification. [42 CFR 438.12(a)(1)(2)]

In addition, Mercy Care does not discriminate against providers that service high-risk populations or specialize in conditions that require costly treatment. This provision, however, does not prohibit limiting provider participation to the extent necessary to meet the needs of Mercy Care members. [42 CFR 438.214(c)]

This provision also does not interfere with measures established by Mercy Care that are designed to maintain quality of services and control costs and are consistent with regulator responsibilities nor does it preclude from using different reimbursement amounts for different specialists or for different practitioners in the same specialty. [42 CFR 438.12(b) (1-3)]

Should Mercy Care decline to include individuals or groups of providers in-network, the provider is issued a timely written notice outlining the reason for the decision. [42 CFR 438.12(a)(1)] The decline may be a No Thank You for network participation, rate/funding increases or limitations of contracted services.

Mercy Care will not employ or contract with providers who are excluded from participation in Federal healthcare programs, under either Section 1128 or Section 1128A of the Social Security Act [42 CFR 438.214(d)].

Again, thank you for considering Mercy Care as your healthcare partner. Should you have any questions regarding this correspondence, please feel free to contact Network Management at MercyCareNetworkManagement@mercycaresaz.org.

Sincerely,

Patricia Weidman
Director, Network Management
